Education

Florida Atlantic University   Boca Raton, FL
Bachelor of Science in Computer Science   August 2015 – May 2019
Major GPA: 3.78
University GPA: 3.44

Coursework: Design and Analysis of Algorithms, Data Structures, Internet Computing, Microprocessor Systems, & Multivariable Calculus
Study Abroad: Paris, France (spring '16)

Technical Skills

Languages: NodeJS, Python, C++/C, Bash Script
Software: Git, GitHub, Google Cloud Platform, Visual Studios Code, Linux/Unix

Internships:

QA Intern @Partech   May 2018 - Current
- Develop QA automated tests
- Develop, maintain and support the company's software products
- Participate in the Agile development process to assist in the design, development and testing of software solutions

Projects

Twitter API Wrapper   May 2018 - Current
- Writing a module in NodeJS specifically for the Twitter API

Google Hackathon @NSBE   March 2018
- Wrote a web app accessing the google calendar api to create scheduled events for multiple accounts at once

MangoHacks Hackathon   February 2017
- Wrote the server-side of a tinder clone for investors and small businesses

Algorithm Analyzer   March 2018
- Developed a C++ program that compares and graphs the runtime of popular sorting algorithms

Personal Linux Box   February 2018
- Built a Linux Computer from parts
- Wrote a complete system setup in Bash Script

Organizations

National Society of Black Engineers   August 2017 - Present
Membership Chair
- Lead and directed a club of more than 40+ members
